SUMMARY

My name is Jesikah and I am a recent graduate from Billy Blue College of Design (Torrens University), with a Bachelor of Interior Design (Commercial). I love all things design which has been a big part of my life since I was 6 years old. From mocking up doll houses with cardboard boxes to digitally producing interior concepts - my passion for interior design grows daily. I keep an open mind and a positive attitude when working. I thrive in a creative environment and always welcome a challenge.

EXPERIENCE

THE SOCIETY INC

SYDNEY, AUSTRALIA
